

GOVERNMENT POLYTECHNIC JAMNAGAR

SANGEETI

Quarterly Newsletter Volume 7 Issue 1, 1stAUGUST 2021

From the Desk of principal

Proud to head the institute, this is more than thirty-two years old and consistently providing quality education in Diploma Engineering programs. Along with the focused technical teaching, the institute is vibrant in co-curricular and extra-curricular activities; which bring out real hidden potential within the student. The highlights of all such activities are presented in this second issue of "Sangeeti", newsletter of Government Polytechnic, Jamnagar.

Institute Vision:

To be an elite institute by creating technocrats who will contribute to betterment of society.

Institute Mission:

- Become student centric institute by delivering fundamental, experimental and innovative skills addressing societal problems and make them socially responsible citizen.
- Strengthen linkage with industry, alumni, employers and other stack holders for the betterment of institute.
- Promote co-curricular and extra-curricular activities for overall personality development of students.

MECHANICAL 6TH SEM

LIVE INDUSTRIAL VISIT

**GOVERNMENT POLYTECHNIC,
MECHANICAL DEPARTMENT,
JAMNAGAR**

Date: 01-05-2021
Saturday
Time: 10:00 AM

As a part of curriculum of tool engineering live industrial visit is organized by mechanical department at Aeras Dimsa Industry, Jamnagar for TOOL ENGINEERING SUBJECT as on Saturday, 01-05-2021, Time: 10:00 AM

PRODUCTS:

- ✚ Brass Electrical Connectors
- ✚ Brass Fasteners
- ✚ Brass Electrical Components
- ✚ Brass forged components for Pneumatic
- ✚ Brass inserts
- ✚

FACULTIES:

1. V R MANIAR
2. K M CHAVDA
3. D B HARSORA

TOTAL 50+ STUDENTS PARTICIPATED IN LIVE INDUSTRIAL VISIT.

OBJECTIVE OF VIIT:

TO GET EXPOSURE INDUSTRIAL PRACTICE IN TOOL ENGINEERING SUBJECT ESPECIALLY IN JIGS N FIXTURES, PRESS TOOLS, CUTTING TOOLS, ETC.

DATE OF VISIT: 01-05-2021

TIME: 10.00 AM

PLACE: MICROSOFT TEAM PLATFORM

TOTAL NOS OF STUDENT PARTICIPATE IN VISIT:50+

WEBINAR ON ENTREPRENEURIAL TRAITS AND COMPETENCIES

GOVERNMENT POLYTECHNIC JAMNAGAR

A Webinar on "Entrepreneurial Traits and Competencies" is organized by The Centre for Entrepreneurship Development (ઉદ્યોગસાહસિકતા વિકાસ સંસ્થાન) - Government of Gujarat and Associate with Government Polytechnic Jamnagar on 07th June, Monday during 11:15 a.m to 12:30 p.m

All the students of G P Jamnagar had taken active participation in webinar and learn about entrepreneurial traits and competencies.

WEBINAR REPORT ON “CALIBRATION OF PRESSURE AND THERMAL INSTRUMENTS.” By Mechanical Department

DATE: 30/05/2021

TIME: 1:00 PM TO 3:00 PM

ONLINE PLATFORM: GOOGLE MEET

Webinar link:

<https://meet.google.com/ojf-kecr-ezy>

Or

join with code:ojfkecrezy

OBJECTIVE

CALIBRATION

Calibration is a comparison between a known measurement (the standard) and the measurement using your instrument. Typically, the accuracy of the standard should be ten times the accuracy of the measuring device being tested

WHY IT IS NEEDED

Calibration of your measuring instruments has two objectives: it checks the accuracy of the instrument and it determines the traceability of the measurement. In practice, calibration also includes repair of the device if it is out of calibration. A report is provided by the calibration expert, which shows the error in measurements with the measuring device before and after the calibration

To explain how calibration is performed we can use an external micrometer as an example.

Here, accuracy of the scale is the main parameter for calibration. In addition, these

instruments are also calibrated for zero error in the fully closed position and flatness and parallelism of the measuring surfaces. For the calibration of the scale, a calibrated slip gauge is used. A calibrated optical flat is used to check the flatness and parallelism.

WEBINAR REPORT ON "CALIBRATION OF LINEAR METROLOGY INSTRUMENTS" by Mechanical Department

WEBINAR ON ENVIRONMENT & SOCIAL RESPONSIBILITIES BY ISTE INSTITUTE CHAPTER AND MECHANICAL DEPARTMENT

Environmental responsibility

We have made a commitment to:

- ⟨ Respect the environment, making rational use of natural resources and taking steps to prevent pollution from the different processes involved in our industrial operations.
- ⟨ Promote the sustainable use of raw materials and natural resources. Introduce guidelines for continuously improving our environmental performance.
- ⟨ Introduce guidelines for continuous improvement in their environmental performance.
- ⟨ Comply with the legislation in force on environmental protection, as well as with other voluntarily accepted commitments.
- ⟨ To promote, through on-the-job training, the involvement of all our employees, individually and on a group basis, in environmental protection matters.

International Yoga Day Celebration

Online Platform: Microsoft team

The International Day of Yoga has been celebrated annually on 21 June since 2015; following its inception in the United Nations General Assembly in 2014. Yoga is a physical, mental and spiritual practice which originated in India. The Indian Prime Minister, Narendra Modi, in his UN address in 2014, had suggested the date of 21st June, as it is the longest day of the year in the Northern Hemisphere and shares a special significance in many parts of the world.

Webinar on Awareness of Diploma Admission – 2021, By Electrical Department

Many students and parents had taken participation in this webinar and very good explaining about admission procedure and how to get forms and other procedures related to admission of diploma is very well explained by both the speakers.

ABOUT ACPDC:

- ACPDC stands for **The Admission Committee for Professional Diploma Courses** in Gujarat.
- ACPDC manages following admissions

1. Diploma Engineering (D.E.)
 2. 2nd Year Direct admissions of Diploma (C2D)
- Gujarat Diploma Admission 2020 – Admission Committee for Professional Diploma Courses (ACPDC) will conduct Gujarat Diploma 2020 Admission. It is conducted for admission to various polytechnics across the state. The application form of Gujarat Diploma Admission is expected to be released in the month of June 2020. The application form will be available via online mode on the official website of ACPDC i.e. www.acpdc.co.in.

Webinar on SSIP

- Government of Gujarat has developed a policy for providing assistance to Startups/ Innovation. Under this scheme, any individual/ group of individuals having innovative idea/ Concept will be eligible and/ or Universities/ education institutions, Incubation Centre/ PSUs/ R&D Institutions/ Private and other establishments will be eligible as an institution to support and mentor to innovators as approved by Committee. Startups in an economy's technology sectors is an important indicator of technological performance for several reasons.

Key Objectives

- The Student Startup & Innovation Policy of Government of Gujarat aims to create an integrated, state-wide, university-based innovation ecosystem to support innovations and ideas of young students and provide a conducive environment for optimum harnessing of their creative pursuit.
- Developing student centric Innovation and Preincubation Ecosystem for Students (IPIES)
- Creating environment for creativity to flourish and an end-to-end support system in educational institutions to allow ample support to ideas for better execution
- Build internal capacity of educational institutions and key components of the innovation ecosystem to enable deployed processes to make sustainable impact at scale
- Create pathways for mind to market by harnessing and handholding projects/ research/ innovation/ ideas of students in Gujarat

- Creating and facilitating sectoral and regional innovation efforts in state around educational institutions
- Create a common platform to showcase, support and upscale innovations for motivating stakeholders as well as for an opportunity to create value for money and value for many
- Leverage public system initiatives at state and central level, academia, industries and by other ecosystem stakeholders / domain experts and institutions to make an inclusive effort

Webinar on rapid prototyping by mechanical department

Introduction:
Rapid Prototyping, also known as 3D printing, is an additive manufacturing technology. ... The 3D printing machine reads the data from the CAD drawing and lays down successive layers of liquid, powder, or sheet material – building up the physical model from a series of cross sections.
